Store and Supplier's Information - U.S.

Product Information:

The following is a list of all of the suppliers that we currently have installed in the WMS2000 database. We will include all of the products from the suppliers you select to save you time entering them manually.

Currently, we have over 6,000 product items installed in WMS2000. If you use a small number of products from a supplier, mark the checkbox 'Install Inactive'. Then, in the future, you may easily add them to the active inventory by simply by clearing the 'Discontinued' checkbox for those specific products in the WMS2000 system.

If you use a supplier not on the list below, please add their name and other contact information, and we will endeavor to contact them and add their items to our database for you.

<u>Install</u>	<u>Install Inactive</u>	<u>Supplier Name</u>		<u>Address</u>	<u>City</u>	<u>State/Prov.</u>
